

# STAY AHEAD with our Drink Spiking Tests

## Comply with California's New Law

Under the new California law AB 1013, effective from July 1, 2024, bar owners are required to offer drug testing devices for drink spiking substances. Our innovative solutions not only comply with these regulations but also offer unmatched accuracy and convenience.

### Product Range:\*

1. **Sponsorship Card:** Customizable test cards that fit into wallets, featuring our branding or yours.
2. **Test Strip Pack (Matchbox of 8 tests):** Easy-to-use strips that quickly detect common drugs used in drink spiking.
3. **Wristbands:** Stylish, discreet, and functional wristbands with test areas for detecting spiked drinks.
4. **Coasters:** easy to use, complementary with bar business

### Benefits Highlight:

- Quick and accurate detection of GHB, ketamine, and other substances.
- Products available in various formats, catering to different customer needs.
- Enhance customer trust and safety in your establishment.

## Innovative Protection – A Must-Have for Every Bar

### Innovation in Safety:

- Dive into how our products are leading the industry with cutting-edge technology that makes testing both discreet and reliable.
- Different Formats for Different Needs.

### A NICE TESTIMONIAL

#### WARRINGTON BAR

*Hello, a massive thank you.*

*A young girl brought a drink to the bar saying that she thought someone had put something there. We carried out the test and the result was positive. The man was detained and arrested. Without the test kit, this man would probably have done it again.*

*Thanks again, Andy.*

Prepare for the new regulations by equipping your bar with our solutions. Contact us now to order and ensure your establishment is a safe space for all customers.
